Commissioners:

I have been following the local newspapers' coverage of Terilyn Hando's presumed conflict on the Peninsula Healthcare Board.

However, I do not believe there is a conflict with Terilyn.. It appears she is Sutter's chief nemesis and since her voice has been stilled this past year, Sutter has become completely unresponsive to the public. Eachtime they unveil another plan for the new hospital they show more public land use for the the same \$1 per year cost. There are only a few acres remaining after Sutter's land grab. With all the voices on the board that would speak against Sutter silenced, they have developed an arrogance and a sense of entitlement to this land rather than a partnership with the community. Terilyn is our only hope. She has consistently spoken out about Sutter's lack of fair play in tthe community and the way they mislead the public. Please give Terilyln her vote back.

Sincerely,

Gerry Landers
